EXPERIENCE

VCET, Madurai (In-House Full Stack Internship) | June 2024 - July 2024

Worked as a **Full Stack Developer** on a real-time quiz project during my college in-house internship. Built a quiz platform with shuffled questions, a timer, fullscreen mode to prevent cheating, and an admin panel for quiz management. Implemented secure session management to restrict tab switching and copying.

PROJECTS

• BrainBite Quiz Application | June 2024 – August 2024

Developed a PHP-based quiz platform with shuffled questions, a timer, and fullscreen mode to prevent cheating. Implemented secure session management to restrict tab switching and copying. Designed an admin panel for quiz and question management. Integrated a styled scorecard with animations for an engaging user experience.

BackEnd: php, Ajax | DataBase: SQL | FrontEnd: Html, CSS, JavaScript

• CampusDirectory | May 2024 – June 2024

A real-time platform for students and staff to submit forms with personal details, education, and extracurricular activities. Staff can fill out their own forms and view student profiles, facilitating **efficient data management** and retrieval

BackEnd: php | DataBase: SQL | FrontEnd: Html, CSS, JavaScript

▪ **Social Media Management System | February 2024 – April 2024**

Developed a social media web application using JSP, Java, HTML, CSS, and JavaScript with user authentication, profile management, and admin controls. Features include add, edit, delete users, profile browsing, single profile view, queries section, statistics page, and secure login/logout for seamless user interaction.

BackEnd: Java (JSP) | DataBase: MySQL | FrontEnd: Html, CSS, JavaScript
